CLUB ENCAMPMENT STARTS THURSDAY

DE LEON HOST TO BOYS AND GIRLS CLUBS

With three hundred club members having already signified their intention of attending the annual two day encampment which meets at McCharen's Lake Thursday and Friday of next week, an effort is being made to get the other 125 boys and girls who belong to the organization to line up for what is believed to be the biggest gathering ever held by the clubs, in any county in Texas, said J. A. Barton, Wednesday who is busy completing the arrangements for the occasion.

Mr. Barton together with Judge R. A. Luker were in De Leon Tuesday and conferred with the business men of that place who are sponsoring the encampment and plans are under way for two full days of entertainment and instruction featured by a free dinner at the noon hour on the second day given by the citizens of De Leon.

The following program and de-

Absentee Voting Begins July 18

According to Miss Clyde Coan, County Clerk, Absentee voting will begin next Wednesday, July 18 and will continue through Wednesday, July 25, three days prior to the election.

The rules governing absentee voting are as follows:

Any qualified elector, as defined by the laws of Texas, who expects to be absent from the county of his or her residence on the day of the election, may vote, at some time not more than ten days nor less than three days prior to the date of such election, in the office of the county clerk or before a notary public, upon presentation of poll tax receipt or certificate of exemption, or upon making affidavit that the poll tax was actually paid and receipt misplaced. If unable to go to the office of the county clerk, the citizen may deliver his or her poll tax receipt, certificate of exemption or affidavit to any notary public, who will mail the same to the county clerk, who will have same properly verified, and then mail to the citizen, by registered mail an official ballot for such absentee voting, the letter to be opened in the presence of the notary public, who shall, after the ballot has been marked by the elector, remail it to the county clerk. All absentee ballots are to be mailed by the county clerk to the presiding judge of the voting precinct in which elector lives, who opens the letter on the day of voting between two and three o'clock in the afternoon, and deposits the ballot in the ballot box. The postage for the entire correspondence must be paid by the electors, but the clerk charges no fee for his services.

The provisions of the absentee voting article apply to all electors, including general, special and primary.

PRIDDY PICNIC ON SATURDAY

A big community picnic will be held at Priddy tomorrow, Saturday, July 14, on the Priddy High School grounds according to announcement from that place.

No carnival or other outside attractions will be brought in but the people of that neighboring communities will furnish the program and amusements. The Indian Gap Band will furnish music for the occasion and there will be a ball game in the afternoon between Priddy and Shive

One of the features in the afternoon will be speaking by the candidates for county and district offices, including a speech by Gib Callaway in the interest of the candidacy of Oscar Callaway for Congress.

REPORTS ON ROAD WORK

The fiscal year of the State Highway Department is now drawing to a close and I wish to take this opportunity to report to the people of my county the accomplishments during the past year.

The Dublin, De Leon, Gorman, highway across Comanche County has been asphalted. This is now a fast hard surface highway.

The Pecan Belt highway has been entirely re-graded and bridges and culverts installed and wire guard fence constructed.

A new project is now under way on the Dublin, Comanche, Brownwood highway. In another year this will be completed and Comanche County will have another splendid highway.

Appropriations have been made for the engineering cost of a permanent location of Highway No. 22 from Comanche to Hamilton.

Callaway Well Extends Pool

Tse Grass Roots Oil Company composed of Cleve Callaway and associates Tuesday brought in a well in a new extension of the Cross Plains pool. The well which is estimated as good for from five to fifteen barrels was drilled on the farm of Mrs. Conlee, eight miles Southwest of Cross Plains and encountered the sand at 439 feet.

Compliments Big Edition

From Star Telegram

W. H. (Bill) Carpenter, manager, and J. C. Wilkerson editor of the Comanche Chief, distinguished themselves last week when they got out a 60 page special edition. The picture above shows the edition piled up on the sidewalk in front of the Chief office just before trucks hauled it to the postoffice. The papers on the sidewalk represent the paper's regular mailing list. Those in the gutter are special papers. The edition is a boost for the county seat and the county as a whole. Besides giving a comprehensive idea of agricultural and livestock conditions in Comanche County, it ably depicts financial and business conditions in the city. The paper contains much historical data which will be appreciated by those who care for such information. It is profusely illustrated. "Bill" and "J. C." are standing at either end of the papers, the former to the left.

From Dallas News:

The Comanche Chief doesn't issue a special number often, but when it does issue one it's a big one and a good one. Its Development Edition of July 6 runs to sixty pages and exhibits its city and county in a light so favorable that one can not read and ponder it without being glad that Comanche is a part of Texas and Texas the big sister of Comanche.

From Brownwood News.

Another chapter of achievement has been written into Central West Texas Newspaper History by the issuance last week of a sixty page "development edition" of the Comanche Chief of which W. H. Carpenter is journalist Star.

The Special development edition is devoted to boosting every section of Comanche county, giving splendid description by word and picture of institutions. individuals and natural resources of Comanche county.

This development edition is very attractive from a mechanical standpoint and editor J. C. Wilkerson is due congratulations upon his accomplishment which is a great credit to a community much larger than his.

From Rufus Higgs—Stephenville Tribune:

Have just read with a great deal of interest the Development Edition of the Comanche Chief and want to say here that it is about the best I have seen from both the news as well as the business view. Not many country weeklies in Texas have ever been able to put over such an edition. Please accept our heartiest congratulations.

PICNIC AT BLANKET TUES.

A one day picnic will be held at Blanket Tuesday, July 17 at the Union Tabernacle grounds and plans are under way for the entertainment

A basket lunch will be served at the noon hour under the tabernacle and a game of base ball between May and Blanket in the afternoon will be features of the program.

All of the county and district candidates are expected to gather at Blanket for the day and a speaking schedule has been arranged for their convenience.

Mrs. W. A. Shelton and D. K. Doyle of Brownwood attended the funeral of their brother, Dallas Doyle at Stephenville Thursday.

CHILD DIES FROM POISON

Jesse Quinn Martin, Jr., 19 month old baby son of Mr. and Mrs. Jesse Martin, of Bangs, was killed by drinking out of a bottle of carbolic acid at the home of his sister, Mrs. Anson Boyd of Gustine, Saturday. The child found the bottle 20 minutes after his parents had arrived in Gustine to visit with their daughter, Mrs. Boyd, and was dead when discovered. The poison had been used in killing insects. Jesse Quinn Martin, Jr., was born November 19, 1926, at Bangs.

The body was taken to Banks for funeral and burial services Sunday afternoon, with the serviies being held in the Bangs Baptist Church, and being conducted by the pastor of the church. Burial was made in the Bangs cemetery.

The baby is survived by his parents, his sister, Mrs. Anson Boyd, and other relatives.

Wheat makes Good Yield

Raising a variety of wheat new to this vicinity, Oscar Callaway threshed an average of 27 bushels per acre from several hundred acres this season.

The wheat is of the Kubanka variety and is rust proof and said to be drought resisting. The wheat averaged 63 pounds to the bushel.

This variety seems especially well adapted to this section and an increased acreage of it will likely be planted next year. Gerald Bryson having purchased 500 bushels of this for seed from Mr. Callaway.

INCLUDE ROUND-UP IN ANNUAL VACATION PLANS

By J. R. Eanes

Many letters have been received at the office of the Round-up Association requesting the dates of the big Round-up and 70 Anniversary to be held in Comanche.

Most of the letters were anxious to know the dates so that they could arrange their vacations so that they could be here to the Round-up and at the same time meet their old friends, some of whom they have not seen in a number of years.

The office received one letter from as far away as Post, the writer saying that he understood that the Cowboy Band from Post would play at the Round-up and as he at one time lived near Comanche and did all of his trading here he was anxious to be here and see some of his old friends and make new ones. It has been 15 years since he has been in Comanche and he is going to bring two of his children and show them where he spent most of his earlier years.

Several requests have been made at this office by people who are planning to be here so it is requested that all Comanche citizens arrange their vacations so that they will be here and write to their friends and loved ones that are living in distant towns to be with them for two of the biggest days of real old time homecomings and see the Round-up with real Indians, Cowboys and cowgirls, real roping and riding experts who will be here to fight for the thousands of dollars in cash prizes that will be given to the winners of the various events. There will be plenty of amusement to entertain the visitors, the young and the old.

IF I CAN GIVE COMANCHE COUNTY

A BETTER BUSINESS ADMINISTRATION

I FEEL I AM JUSTIFIED IN ASKING YOUR SUPPORT

I assumed my duties as Commissioner of Precinct No. 1 four years ago and during my administration I have reduced the debt of the precinct between four and five thousand dollars and paid the interest on approximately ten thousand we owed.

While I have accomplished this at the same time I have kept up the county machinery and I believe my four years of road construction will compare favorably with any four years period of the precinct history. If you think I can serve you better, I will appreciate your support.

The Electric Button

STEPPING through countless generations, the mythical force which performed magical wonders for the hero of Arabian Nights is found in the wall switch of every modern American home, industrial establishment and business enterprise.

This power today moves mountains with the ease that it whips an egg. There is hardly a physical task left but what can by fulfilled adequately, expeditiously and economically by the use of electric power.

From the energy controlled by the switch on your wall you can illuminate your home, cook your meals, refrigerate your food, sweep your rugs, wash and iron your clothes, pump your water and put a permanent in your hair.

And this power, coming to you over copper wires, reflects the untiring enery that is maintained that you may have service.

TEXAS POWER & LIGHT CO.

Providing for the Texas of Today—
Planning for the Texas of Tomorrow

Oscar Callaway Makes Statement

During the past thirty years we have departed from the plan of Government as outlined by Jefferson and the founders of the Democracy and have substituted for Government by law, Government by bureaus and commissions. To these have been delegated the powers which should be exercised by representatives responsible directly to the people. No better illustration of the lack of responsibility to the people on the part of these bureaus can be given than here in Texas where recently the State Board of Water Engineers granted to Samuel J. Insull of Chicago the entire inherent water rights of the citizens residing on the water shed of the Colorado River. I am in favor of abolishing such boards and commissions and restoring these functions of government to representatives directly responsible to the people.

The Federal Reserve Bank must be made to better serve the interests of the agricultural population. As a farmer in 1920 through the action of the Federal Reserve Board I saw the price of my wheat drop below the cost of production and there was no market for my wool at any price, while ruin stared the producer of cotton and cattle in the face. Congress should curb such powers of the Federal Reserve Bank and make impossible the recurrence of such a condition.

By reason of governmental favoritism, Financial America and Industrial America for the past thirty years have prospered at the expense of Agricultural America. In 1920 forty-three per cent of the nation's people lived on the farm. In 1928 only twenty-nine per cent of the population of the United States was agricultural and every farmer must continue to see his boys and his girls leave the farm until some steps are taken for the protection of the farmers interests as well as those of the financial and industrial groups.

Since the organization of the Government all tariff legislation has been in the interest of the manufacturing sections. In the adjustment of the tariff I shall favor the protection of the interests of the sheep man, the cattleman and the farmer.

The Republican administration of the past eight years has been the most corrupt in the history of the nation, reaching its climax in the Teapot Dome scandal which reveals bribery and corruption in high office never contemplated by the founders of this Republic. If elected as your Representative in the American Congress I will do my utmost to check corruption and to continue the fight against waste and extravagance that has been made by former Representatives from this District.

I believe every Democrat should support the nominees of the Houston Convention. Too often we have elected men of small caliber to high office because they have agreed with us on some momentary question instead of choosing men of capacity who had the courage of their convictions and the result has been that the people's welfare has been jeopardized by laws made by men who were too short-sighted to realize the effects of their legislation. I believe the nominees of our party are capable and honest men and though we may differ on some questions let us be tolerant of these differences and give them a support that will result in their election and thus put an end to Republican Corruption.

National Prohibition is a part of the Constitution of the U. S. and will remain a part of it during our life time. Whosoever of us is elected must take the oath to support the Constitution and we are all honest men and any one of us will do our best to enforce this principle of our government and it merely becomes a question of who can best serve you in the enacting such laws as will give a satisfactory enforcement of it.

The people of this District should choose that man for their Representative best fitted by his sympathies, experience and capacity as a legislator to accomplish for you a remedy of the evils that confront us and to outline a constructive program for your welfare.

Mrs. Oran Johnson Buried Tuesday

Mrs. Oran Johnson died at Fort Worth July 8, 1928, following an illness of nearly a year.

In addition to her husband, Mrs. Johnson is survived by her parents, Mr. and Mrs. Ben Godfrey of the Cotton Grove Community, and the following brothers and sisters all of Comanche County: Jim and Harold Godfrey and Mesdames Riley Hilliard and Bernell Godfrey.

The following tribute to Mrs. Johnson was given us by Jesse Purvis:

On July 8th at 6 p. m. God, in his infinite wisdom called Mrs. Pearl Johnson from the cares of this world to her home above. Mrs. Johnson, before her marriage to Mr. Oran E. Johnson on July 23, 1927, was Miss Pearl Godfrey, daughter of Mr. and Mrs. Ben Godfrey. She was born on March 24, 1906 in Erath County. While a small child her parents moved to Comanche County where she was reared to young womanhood. Her last days were spent in the home of her aunt, Mrs. Parker Jameson of Ft. Worth where she was under treatment.

Mrs. Johnson was a young lady of noble character, kind and loving. To her, friendship was a priceless treasure and to know her was to love her. She had a smile of welcome and a kind word for all. She was a member of the church of Christ, having obeyed the gospel under the teaching of Bro. Lyle Price during the summer of 1927. Her Christian life was one of devotion to her maker and her influence was felt by all.

Interment was made at the Pendergrass cemetery at Sidney, the Bro. J. D. Moss conducting the services. The large concourse of friends and the beautiful floral offering attest to the high esteem in which she was held. The pall-bearers were her brother-in-laws and an uncle, namely: Carl Johnson, Roy Johnson and Garland Johnson of Dallas, Jesse E. Purvis and Riley Hillard of Comanche and Parker Jameson of Fort Worth.

Many Attend Assn. Meeting

The Old Harmony Primitive Baptist Association concluded a successful three day session at the Shiloh Church Sunday evening with one of the largest attendances within recent years. Over a hundred camps were pitched on the grounds for the three day affair, and the average attendance was well over 500 with bigger congregations for the Sunday services.

The Association which embraces the territory of Hamilton, Eastland, Brown, Coleman, Mills, Stephens and Comanche counties has held a meeting every year for the last 50, three of which have been with the Shiloh church, one in 1888, another in 1924, and the one just closed.

Elder Len Dalton of Hamilton and pastor of the local church presided at most of the meetings and he and his congregation were hosts to the visitors.

Prominent elders who were present and took leading parts in the services included, J. C. Morgan of Killeen; Claude McClure of Paris, Texas; E. L. King of Dallas; J. A. Goodwin of Hamilton; Gilbert Dalton of Hamilton; H. W. Luman of Bangs; and A. G. West of Breckenridge.

The next annual encampment will be held at Breckenridge, but most of the members will meet again the last Sunday in this month when a Fifth Sunday meeting will be held at Alexander in Erath County.

RECALLS EARLY INDIAN RAIDS

By Frank Hoffman

Mrs. Arch Parker, better known as Aunt Mary Parker or Grand ma Parker, by some of her friends, is one of the real old pioneers of Comanche.

Aunt Mary Parker came to Comanche way back in the old days of 1849 and settled on a place a few miles from what is now Comanche, however in those days Cora was the trading center and for a number of years Aunt Mary lived in old Cora. In an interview with her by the writer, she laughed at the thought of the difference in the houses in those days and the ones we live in now. The houses in those days says Aunt Mary, were little old log huts with dirt floors and split logs. She also tells about the many Saloons and the thriving business that was carried on in old Cora in those days.

She talked about the Indian raids and still remembers the hardships and the suffering she had to undergo on account of the many raids the Comanche Indians made through this country and she still holds it against them. Her husband was Arch Parker, Aunt Mary gives him all the credit for the actual fighting but she says that she with the other ladies of the settlement were ever ready to do their part, even though, as she says, 'I was always afraid of a gun, but I was in a position where I had to use one so I just shut my eyes and pulled the trigger when the Indians came to steal our horses and I think I was lucky in getting one once.

Aunt Mary is very pleasant to talk to and very interesting however her memory is fast failing her and her sight is also giving her trouble but aside from these difficulties she is in good health and is anxious to visit her many friends when Comanche has her 70th homecoming on August 31 and September 1.

We wanted her to meet some of the old Comanche Indians that will be here. She was reluctant at first, but after we talked to her awhile and told her that they were here on a friendly visit, she consented so we expect to have some of the older Indians and Aunt Mary get together and talk over old times.

LARGE CROWD GREETS CALLAWAY

Addressing a crowd of his neighbors that overflowed the District Court room in Comanche Saturday afternoon, Oscar Callaway formally opened his campaign for Congress from the Seventeenth congressional district. Mr. Callaway, who is a farmer, addressed the crowd as his fellow farmers and began his speech by discussing farm problems which he says are as vital to him as to his hearers.

After discussing the conditions that take the young people away from the farm Callaway charged that financial America and industrial America had had legislation in their interests while agricultural America had borne the burden of the prosperity that has gone to the other groups. Discussing the commissions that have grown up, Mr. Callaway said that many of the powers belonging to congress had been delegated to these bodies and that many of the rights of the people would not be restored until these commissions are abolished.

Callaway discussed the Democratic national platform and urged a support of the ticket, pleading for tolerance on the part of the citizenship for those with whom they disagreed, saying: "We have elected small men to office who agreed with us on some momentary question instead of voting for big men whose views we oppose with the result that too many of our representatives in congress are men incapable of seeing the results of legislation that they had passed with the result that they found out later that they had bartered away the people's welfare getting nothing in return.

"National Prohibition is a part of the Constitution of the U. S. and will remain a part of it during our life time. Whosoever of us is elected must take the oath to support the Constitution and we are all honest men and any one of us will do our best to enforce this principle of our government and it merely becomes a question of who can best serve you in the enacting such laws as will give a satisfactory enforcement of it."

Callaway discussed the shortcomings of the Federal Reserve bank and promised remedial legislation; flayed the Republican corruption in office and promised a continuance of the fight against governmental extravagance that has been made by the representatives from this congressional district.

YES

Dodge Brothers Standard Six is the fastest car, with the fastest pick-up, under a thousand dollars.

HOWEVER

That is only HALF the story. The IMPORTANT point is that this exceptional speed is made practical by Dodge ruggedness of chassis and body construction . . . . . .

OTHERS

Might succeed in building a car at this price with equal SPEED, but to do so successfully they would also have to build a car with equal STURDINESS.

AND

That is where Dodge Brothers, with years of experience in building a dependable low-cost product, are years ahead of the field . . .

YOU

Can buy the Standard Six knowing that it is not only the fastest car in its class but the sturdiest—and the one is every bit as important as the other.

Vision And Understanding

Business and society—the progress of the community—is dependent upon co-operation.

Honesty, good faith, fair dealing—all are necessary on the part of every interest and community to the orderly development of business and to the best service of business and industry to the people.

Being what is known as an essential public service—because of the wide necessity for its services—the telephone business has long been working with this thought in mind.

The progress of this community will be cromoted by the Texas Home Telephone Company. The ability of this company to assist in this progress will be determined by the degree of understanding and co-operation that is extended by the people of this community.

SORE

Could Not Rest

Mrs. J. H. Nichols, who lives at 513 Elm Tree Lane, Lexington, Ky., says:

"Some few years ago, my health was bad. I had very severe pains in my sides. My nerves were in a terrible condition. I could not rest.

"The lower part of my body was very sore. I did not feel like eating, and did not sleep well at all at nights.

"A friend of mine recommended Cardui. I began taking it and saw quite an improvement in my condition. I kept it up until I felt strong and well."

About a year ago, Mrs. Nichols says, she found herself in a nervous, run-down condition. "I took Cardui again," she adds, "and it helped me wonderfully. It is a splendid tonic."

Cardui is a mild, medicinal tonic, made from purely vegetable ingredients.

"SOME PEOPLE KNOCK ON WOOD"

Others Insure

Most people now carry fire and tornado insurance. It is more logical to carry life, health and accident insurance. In case of fire or tornado you have your earning power left. In case of death or disability your earning power is gone. It is this earning power that enables you to build your house, buy your goods and support your family. Then reason tells us that it is more important that you insure this earning power. If your earning power is gone how will your property be maintained? Where will your family look for support, How will your children be educated?

For a reasonable sum we will insure the maintainance of your property, the support of your family and the education of your children. We insist that you should have both lines of insurance. But your earning power is your foundation. Which is the more important. The foundation or the superstructure?

ENJOY BIRTHDAY PARTY

Mrs. L. B. Russell gave a little neighborhood birthday party for her little grand daughter, Gladys Hamilton Saturday afternoon at 3 o'clock.

The children, assisted by Alice Hamilton, played a number of games, one of which was a contest as to who could pin paper candles in the most proper place on a hand drawn picture of a cake. The little visitor, June Beeman from Fort Stockton won the girls' prize which was a soap-bubble blower, and Jack Moody Brightman won the boy's prize which was a game of "Ring on the Peg."

After the games they were invited into the dining room where plates of ice cream and cake were served around a table in the center of which was a large pink iced birthday cake with candles and surrounded by animal cookies marching around the dish. Standing at each girl's plate was a tiny fat doll; and at each boy's plate was a red hirse shoe magnet.

Those who enjoyed the party were Ellen Anthony, George Hamilton, Alma Jean Wilkerson, Nancy Jo Wilkerson, June Beeman, Jack Moody Brightman, Margaret Hamilton, Louise Hamilton and Gladys Hamilton.

Misses Minnie Dingus and Dorothy Shelton of Comanche were among the Freshmen of Baylor College who were successful in passing the Columbia Research Bureau test given to the Freshman Class at the beginning of the Summer Session. This, according to information sent from that college, will enable them to take a more advanced course in English than the other Freshmen and their success in this test is a compliment to the young ladies as well as to the English Department of Comanche High School.

WHITLOW—HOLDRIDGE

The marriage of Miss Mildred Whitlow, daughter of Mr. and Mrs. W. P. Whitlow, to Mr. Lee Holdridge, occurred at the family home on the De Leon-Comanche highway, near Vandyke, at 9 a. m. Thursday June 28, 1928. A number of relatives and friends were present for the occasion and witnessed the impressive ceremony as conducted by the Rev. J. D. Smoot of Comanche. Young Holdridge is a son of Mr. and Mrs. H. B. Holdridge of this city.

Immediately following the ceremony Mr. and Mrs. Holdridge left in their car for a honeymoon trip, going to Waco, Houston and Galveston, for several days. They returned here after July first and will soon be at home in the Mrs. J. W. Coley house, in Heath addition.

Both of these excellent young people were reared in the vicinity of De Leon and were educated in the schools of the county, and at John Tarleton College. Mr. Holdridge is bookkeeper for Holdridge and Sons business here. Both have hosts of friends who wish them a full measure of happiness and success as they journey through life together.—De Leon Free Press.

INCLUDE ROUND-UP IN ANNUAL VACATION PLANS

(Continued from Page 1)

We expect that the weather will be warm at the time of the celebration so there will be good cold water at all times in a big tank on the court house lawn, in fact everything will be done to make everybody feel at home and when the visitors leave they will carry to their various homes, a real good word for Comanche and that is what every town needs.

So friends and citizens of Comanche, notify your friends and relatives of the big do'ins and tell them that the dates are August 31 and September 1, two big days and nights.

There will also be an information booth on the court house lawn where visitors will be able to get the information they desire as to where they can find old friends. The booth will be in charge of one of the ladies of Comanche that will be glad to render her aid in helping old friends and relatives get together.
